To request a correction to or substitution for a previously approved base-year amount used in calculating the diversion rate for your jurisdiction, please complete and sign this form and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the representative.

Mail completed documents to:

California Integrated Waste Management Board Office of Local Assistance, MS 8 8800 Cal Center Drive Sacramento CA 95826

General Instructions:

Please select the ONE choice below that best explains your request to the Board, and complete the appropriate sections.

All respondents must complete Section I and either Section II A or II B, as noted.

- ☑ 1. Correct our existing Board-approved base-year generation (disposal or diversion) tonnage. (Please complete Section I and Section II A.)
 ☑ 2. Use a recent generation-based study to substitute for our existing Board-approved base-year generation amount, but not officially change our existing Board-approved base year. (Please complete Section I and Section II
- 3. Use a recent generation-based study to officially change our Board-approved existing base year to a new base year. (Please complete Section I and Section II B.)
